FINISH

Pathfinder

There are 22 different foods and drinks that are winding through this grid. Can you find them all? The first and last words are done as examples.

- | | |
|------------|-----------|
| Apricot | Onion |
| Asparagus | Peach |
| Avocado | Pepper |
| Bacon | Pineapple |
| Cheese | Pistachio |
| Chocolate | Pork |
| Custard | Radish |
| Gravy | Rocket |
| Haddock | Tea |
| Mayonnaise | Wine |
| Mushroom | Yoghurt |

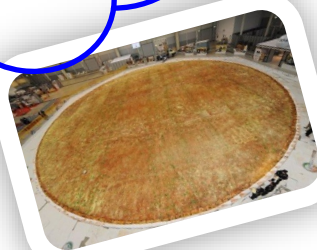

What do you call a fake noodle?
An im-pasta!

Doughnut Sudoku

A normal sudoku—just fill all the empty squares so that each box, column and row contain every digit 1-9.

Did you know?

The largest pizza ever made has a surface area of 1,262m² and was made in Rome in 2012. That is about 5 tennis courts!

			1	4	5			
	5	1	7		2	3	9	
	7						4	
1	2						3	6
6			4	9	3			2
9	3						8	5
	4	2					5	
	1	9	3		8	7	6	
			9	5	4
